

# Workshop

21 – 22 March, 2013

Interreg IV A

”An exemplary knowledge region – subproject Europeanization and Globalization”

In collaboration with Swedish Research Institute in Istanbul

Europeanization and Globalization is a cross-border cooperation between Department of Culture and Identity together with Department of Society and Globalization, Roskilde University, and Department of Global Political Studies, Malmö University. The aim of this partnership is to develop a field of knowledge focusing on the inner life of the Öresund region and the international position of the region for the purpose of studying processes of transformation and change (Europeanization and Globalization) both locally, regionally, nationally and supranationally. The Interreg IV A subproject of Europeanization and Globalization is working together with the Danish Institute for International Studies (DIIS), which will participate in this workshop at the Swedish Research Institute in Istanbul.

The topic of the workshop is the question as to how stronger links and joint collaboration between the partners can strengthen Nordic cooperation in European and Global studies.

## Participants:

Professor Birgit N. Schlyter, Director of Swedish Research Institute in Istanbul, (SRII).

Professor Bo Petersson, Malmö University, (Mah).

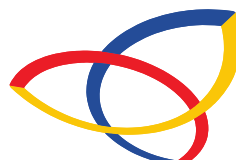

Senior Researcher, Cecilie Felicie Stokholm Banke, Danish Institute for International Studies, (DIIS).

Professor Hans-Åke Persson, Roskilde University, (RUC).

Project manager Marie Brobeck, Roskilde University/Malmö University
